### OVERVIEW

*The Coalition is scheduled to host the 9th Road to Recovery Conference & Tribute (R2R) this December. This conference is a life-changing experience that features seminars, workshops and panel discussions with experts from government, the private sector and other veterans service organizations during which attendees learn about the vast array of resources and services available to them. The three-day, all-expenses-paid event will be attended by roughly 100 combat-wounded servicemen and women, along with their families.*

*R2R includes sessions on career counseling, resume writing, caregiver support, alternative therapies and personal development to help these disabled warriors - and their families - assimilate into civilian life and transition back to the workforce. Many are not just wounded physically, but emotionally as well. In addition to the emergency aid routinely provided by the Coalition, this conference offers hope, encouragement and one-on-one support on their road to recovery.*

*It is difficult to put into words how profoundly this experience changes the lives of wounded veterans and their families, but we encourage you to watch a few of the videos posted on our site to hear it straight from them: <https://saluteheroes.org/get-help/r2r-conference/>.*

*Patriotic support is essential to this important event. While most sponsors choose to be involved primarily to invest in the lives of these true American heroes, we also offer several avenues for recognition before, during and after the 2016 Road to Recovery. The average cost for (1) family of (4) is \$2,600, we have raised funds for 72 families but this event is in high demand and we would like to extended participation to 20 more families. Each year we conduct this event we have over 200 applicants apply for the coveted 92 slots. Please help us meet our goal and sponsor a family today.*
